EXILE UNIT HITS KENNEDY ORDER

APR 4 1963

To Continue Liberation Efforts—Spokesman

The Cuban Student Directorate of Miami will continue efforts to liberate Cuba, "despite action by the United States to stop raids originating from U.S. soil," a New Orleans delegate to the group has announced.

Carlos Bringuier, in repeating a statement from the organization, said that Cubans "have never received any efficient support from the United States in their struggle against Communist oppression," and charged that "imprisonment of Cuban leaders by the U.S. and the British-U.S. blockade to curtail attacks of the freedom fighters . . . are direct results of negotiations effected last October between the U.S.A. and Russia."

Bringuier said the CSD, one of the many revolutionary organizations made up of Cuban exiles and others, protests the agreements because the "will of the Cuban people was not considered."

He said Cubans believe "no one can impair or lessen our God-given right to bring into play whatever measures are necessary to regain the freedom of our country."

The Cubans in this country, Bringuier asserted, "never dreamed that the government of the United States would order a mobilization for the defense of the Castro regime."

JFK Is Reminded of 'Bay of Pigs'

A telegram sent to President Kennedy Wednesday by the New Orleans delegate of the Cuban Student Directorate asked that the President not forget the Bay of Pigs.

APR 18 1963

The telegram sent by Carlos Bringuier, said:

"Your promise is now two years old. If the Monroe Doctrine is dead, allow us to fight for our Fatherland. Remember Bay of Pigs."

A Mass in memory of the dead of the Bay of Pigs invasion was held Wednesday night at Our Lady of Guadalupe Church for members of the New Orleans Cuban colony, Bringuier said.

Cuba Republic Event Monday

MAY 3 0

Cubans have been urged to attend their republic's 61st anniversary celebration in Gallier Hall at 8:30 p. m. Monday.

The invitation was issued by Carlos Bringuier of the Cuban Student Directorate who said he spoke for New Orleans' "duly accredited Cuban revolutionary organizations . . . without distinction of political ideologies and united in the common goal of the elimination of the Communist regime . . ."

The organizations include, he said, the Cuban Revolutionary Council, the student directorate, Alpha 66, Second Front Escambray, Directorio Magisterial, and Revolutionary Rescue.

He said Robert J. Angers Jr., editor and publisher of the Franklin (La.) Banner Tribune will be honored at the meeting.
